**New Delhi, 07.09.2017**

**Pawan Hans recognized for its Outstanding Achievement on developing Nation's First Integrated Heliport**

**Indian Chamber of Commerce recognized Pawan Hans for its Outstanding Achievement on developing Nation's 1st Integrated Heliport at a function organized by ICC held in Delhi on 7th September, 2017.**

Pawan Hans bagged this recognition for its business diversification agenda on development of Nation's 1st Integrated Heliport to take forward Helicopter Transport Services with an objective to make air connectivity to the common people of India. Dr. Rajvir Singh, Director General, ICC presented this prestigious recognition as an Outstanding Contribution to Dr. B P Sharma, CMD, Pawan Hans. During the Award Ceremony Policy Makers, Business Leaders, Senior Bureaucrats, Industrialist and Dignitaries were also present and recognised the strategic performance of Pawan Hans in whole range of operations in terms of profitability, contribution, Rural Area Air Connectivity and Promoting Heli-Tourism.

Pawan Hans, a Mini Ratna CPSE of Government of India under Ministry of Civil Aviation has been playing a pivotal role for the growth of General Civil Aviation and helicopter services in areas of national importance by connecting Remote and inaccessible areas of North East, Islands of A&N and Lakshadweep providing strategic off-shore transport services to Oil & Gas Sector since 1985.

Pawan Hans under its transformational vision "New Look New Horizon" is expanding its business umbrella towards development of infrastructure, Skill Development, MRO and Consultancy services besides its core business of helicopter services. Recently, Pawan Hans has developed its New Business Plan- 2027 to grow its business portfolio to 100 Helicopters & Seaplanes and triple its operational revenue in next 7 to 10 years by transforming its business strategy, fleet modernization and organisational restructuring.

Pawan Hans has constructed towards its initiative for infrastructure development, state-of-art "Nation's First Integrated Heliport" at Rohini, Delhi as one stop solution for helicopters, at a cost of Rs. 100 crores with facilities like Passenger Terminal, Air Traffic Control, FATO, Parking Bays and Hangers with MRO services etc. Further, Pawan Hans has plans to develop more "heli-hubs" in other parts of country on line with the concept of "Airport-Hubs and Rohini Heliport is the first step into this series.

**PAWAN HANS LIMITED**  
**(A Govt. of India Enterprise)**

These heli-hubs will be a one-point solution for the helicopter business and will act as heliport for public passenger services, MRO facilities for helicopter maintenance, skill development centre for training of pilots, AMEs and Technicians and also facilitate as center for National Importance.

Heartiest congratulations for “OUTSTANDING ACHIEVEMENT – OF THE YEAR-2017” to the Pawan Hans team for constructing and operationalizing “Nation’s 1<sup>st</sup> integrated Heliport” at Rohini, Delhi. We are sure the team will continue to contribute to the building and growth of the nation and achieve many more milestones.

Pawan Hans  
Turbomeca has conferred an Excellence Award on  
**Lebourget, Paris, June 16, 2015**

Turbomeca has conferred an Excellence Award on Pawan Hans Limited for their overall contribution to the success of the worldwide Arriel engine fleet.

The honor was accorded during the Le Bourget 2015 air show at Paris by Mr. Bruno Even, CEO Turbomeca to Sh. BP Sharma Chairman & MD Pawan Hans in the eminent presence of Honourable Minister of Civil Aviation Sh. P. Ashok Gajapathy Raju, Joint Secretary MOCA Sh. Anil Srivastava and other respected Indian government dignitaries.

Pawan Hans, as India's national helicopter company, has logged the highest number of flight hours with the Arriel engine in all of Asia Pacific. At the mid of 2015, approximately 1,000,000 airborne hours has been accumulated with its inventory of 90 Arriel engines. To perfectly match all requirements of offshore companies and achieve excellence, Pawan Hans and Turbomeca have agreed to continue the feasibility study of Customer Service Agreement (CSA). The study will pave the way towards the signature of a Customer Service Agreement (CSA) with guaranteed costs per flight-hour.

Pawan Hans is one of Turbomeca's leading clients operating India's largest fleet of Turbomeca Arriel engines used for offshore and onshore operations, with a proven track record of reliability.

As explained by Aurelien Blanc, the Managing Director of Turbomeca Asia Pacific, Turbomeca's regional subsidiary in Singapore: "We are committed to not only pursuing our long term relationship with Pawan Hans but taking it to a much higher level of partnership, supported by our company's commitment to safety, reliability and customer service."

Sh. BP Sharma Chairman and Managing Director of Pawan Hans Limited added,  
 “The Arriel engine is perfectly tailored to our needs, having successfully served us  
 for 30 years. The engines have proven their ability to perform all types of missions,  
 especially in offshore operations.”

#### **About Safran India**

Safran has been operating in India for over 60 years. The Group employs more than 2,600 highly skilled employees in the country with an average annual workforce growth of 30 per cent in the last decade. Safran operates in India across its 3 core businesses: delivering effective expertise to the country's growing aerospace industry, along with leading edge navigation and optronics equipment for the defense sector, and biometrics solution for the security market. Over the decades of association, Safran's activities have evolved to include strong local partnerships with Indian military aviation industry based on joint developments, production and support licenses for airplane, helicopter and rocket engines, landing gear, navigation systems, as well as the associated support services. It has also been instrumental in key government initiatives such as the Aadhar project (creating India's largest biometric database). Safran recently increased its commitment to R&D in the country by signing collaborations with the Foundation for Innovation & Technology Transfer (IIT, Delhi) and Society for Innovation & Development (IISc, Bangalore).

#### **About Safran:**

Safran is a leading international high-technology group with three core businesses: Aerospace (propulsion and equipment), Defence and Security. Operating worldwide, the Group has 66,300 employees and generated sales of 14.7 billion euros in 2013\*. Working alone or in partnership, Safran holds world or European leadership positions in its core markets. The Group invests heavily in Research & Development to meet the requirements of changing markets, including expenditures of 1.8 billion Euros in 2013\*. Safran is listed on Euronext Paris and is part of the CAC40 index.

\* Sales in 2013 restated for the impacts of IFRS11 amounted to 14.4 billion euros.
