

Nations first Heliport

Pawan Hans has constructed Nations first Heliport at Rohini in New Delhi. This Heliport would provide all helicopter operational facilities and will decongest busy Indira Gandhi International Airport, and also promote Regional Air connectivity through helicopters in the Northern part of the country for Regular passenger services, Heli Services, Landing & parking of helicopters, Helicopters

Maintenance Services (MRO), Disaster Management, Helicopter Emergency Medical Services (HeMS), Law & Order Surveillance.

The Heliport consists a Terminal building having capacity of 150 passengers, 4 hangers with parking capacities of 16 helicopters and 9 number of parking bays. Pawan Hans has also prepared a roadmap to connect all the major destination from this Heliport such as Ex-Delhi to Shimla, Haridwar, Dehradun Mathura, Agra, Meerut and Industrial Hubs such as Manesar, Bahadurgarh etc.

PHL is working to develop four “heli-hubs” one each in Juhu, Mumbai, Guwahati, Assam and one in South along with the concept lines of the “Airport-Hubs” and Rohini is the First step into this series. These heli-hubs will be a one-point solution for the helicopter business and will act as a helipad/heliport for public passenger services, MRO facility for helicopter maintenance and also as a skill development centre for training of pilots, AMEs & technicians.
